Closely followed (15minutes by second ride of 5) lead by Road Captain Roger Bonnici and back marked by Road Captain Stephen Foster. The Christmas lights were wonderful, and the High Street was full of shoppers and market stalls. Return journey was via the A31 along the Hogsback.

**Sunday 8th : Remembrance poem - [Photos](#)**

Chapter poet laureate 'Flash' Gordon Allen read two very moving original poems on Facebook Live to commemorate the lives of those that had fallen for their country.

*They shall grow not old, as we that are left grow old:  
Age shall not weary them, nor the years condemn.  
At the going down of the sun and in the morning  
We will remember them.*

**Thursday 5th : Virtual Club Night**

---

**Wednesday 4th : Rw6: The Fakawi Ride - [Photos](#)**

Gorgeous weather graced the Rw6 lucky few who partook in the laying of the Hogsback Wreath at Shamley Green in remembrance of those who gave their lives for England. After a two-minute silence it was then off onto a scenic rumble southward towards a well-known landmark.

Where's Fakawi they asked..... turned out to be Portsdown Hill, following on to the Beach hut cafe on the River Hamble for some delicious grub. Roger Bonnici ended up leading the ride as Stephen Foster was too unwell to do so.

---

**Wednesday 4th : Rw6 THOGS on a Wednesday**

With Lockdown starting on Thursday THOGS was moved to Wednesday, when Dave, Paul, Rob and Helen led by Liz Getgood went to the Milk Churn for coffee and then onto the Humming bird cafe at Shoreham Airport via some country lanes and passed Rob's house. After a short wait at the cafe as you can't book a table, we were seated then moved to a larger table we had our lunch then back onto the

country lanes to the dealership everyone peeled off except for Paul who stuck with me all the way.

---

### **Sunday 1st : Rw6 2 - Bluebird Brunch - [Photos](#)**

6 bikes met at Cranleigh Leisure Centre at 9.00am for ADM's ride to the Blue Bird Cafe at Ferring. Weather at first was light rain but this had stopped by the time we arrived, and the skies were blue ... for a while, though it was still pretty windy, and the back roads were covered in wet leaves. The group had a most excellent breakfast and then rode back home. Ride ended on the A24 at Adversane where everyone went their own way.

---

### **Sunday 1st : Rw6 1 – SCaT Ride 2 - [Photos](#)**

Peter Ostinelli led this ride to the Sea Lane Cafe near Worthing. Weather was very light drizzle for the first 10 minutes or so then cleared. Roads were to be expected on way down with Autumn and the rain taking its toll. Once at the Sea Lane Cafe food and drinks were consumed. The way back was a nice progressive ride via the A24.

## **October**

### **Saturday 31st : Rw6 1 - RAF Museum Hendon - [Photos](#)**

A wet and windy meet up at GH-D. With the weather getting worse, the group decided that a short ride would be better so ride leader Dell Evans led the intrepid group to Newlands Corner for breakfast. Topped up with coffee and bacon, it was a dash home just in time to beat the torrential downpour!

---

### **Thursday 29th : Rw6 - THOGS Thursday Hogs - [Photos](#)**

A democratic decision was made to move the ride to Friday as the weather was much better, so Eric, John and Dave followed Liz to Pagham Beach Cafe with her sat nav seeking out the worse roads it could find the intrepid band set out but when a bike was dropped (no-one was hurt) it was back to the main roads till we reach the cafe for the important all-day breakfast. Then back with everyone peeling off on the main roads.

---

### **Saturday 24th : Rw6 1 - Lost in Hampshire 6 - [Photos](#)**

We assembled at a wet GH-D and decided that we didn't really want to drown in the down pour to the South so ride leader Dell Evans' 'Lost in Hampshire' became 'Lost in Herts' and we stayed dry all the way to Watford H-D!

Small but very welcoming Lind dealership and we even had a chat with the 3 Rivers Chapter director. Then off to Walton Bridge cafe by the river for bacon butties apart from one member who, being a veggie, had some grass.

---

### **Sunday 18th : Rw6 3 - Lunch @ The Ferry Boat Inn II - [Photos](#)**

Due to popular demand, JB led another ride to The Ferry Boat Inn for lunch. 3 other bikes took the same route to Hayling Island, weather and roads dry, and no problems incurred.

---

### **Thursday 15th : Rw6 - THOGS Thursday Hogs**

With the weather much improved Liz led Paul, John, Eric, Dave and Chris on a pleasant bumble to the Devils Dyke for lunch, the only complaint was there was NO all-day breakfast served, and this was what one of the riders came on the ride for!! still a good time was had before we returned to the dealership.

Once at the The Bike Shed, we all sat down to a hearty breakfast!

**Rw6 3 – Blue Bird - [Photos](#)**

Peter Ostinelli led this ride along the back roads to Ferring in West Sussex and the Bluebird Cafe. This cafe is a new one to the Hogsback Chapter and didn't disappoint. Food and drink was good and so too was the company.

---

### **Sunday 23rd : Rw6 - Ride with Six rides**

#### **Rw6 1 – Beachy Head - [Photos](#)**

A scenic ride through Surrey and Sussex led by Road Captain Steve Cork, to the first stop at Birling Gap for coffee only to find the place absolutely rammed with tourists and holidaymakers who should be in France, Spain, Italy or anywhere but here at this time of year!

After a brief pasty and coffee, followed by a 45-minute queue for the loos, it was on to the photo opportunity at Beachy Head, again rammed (and windy), before returning to base via Brighton and the A23, enjoying just a couple of touches of brief refreshing rain on the way back.

#### **Rw6 2 – Bovington Tanks I - [Photos](#)**

Martin Harrington led as the group set off under cloudy skies, straight into a diversion on the A31! Nearly an hour later (and 30 odd miles) the group re-joined the A31. Fortunately, the rest of ride passed without drama! The Museum was very good with lots to see and take in. Mark Halliday led the ride home.

#### **Rw6 3 – Bovington Tanks II**

Only one group in the end.

#### **Rw6 4 - Hardcore ride to Humber Bridge - [Photos](#)**

Met at Clacket Lane at 7.00am and wheels rolled ten minutes later. It was sunny and dry as Ride Leader Ken Hall led the merry band to breakfast at Angels café in Mildenhall. The next stop was at The Old Tile Works café which has a view of the

Bridge. Left there to ride over the bridge and back again when the rain had started and continued for the next 3 hours!

All in all, an excellent ride out and everyone had a mighty time in spite of the rain. Mileage from Clacket Lane and Back around 500. At the end, Rachel was grinning like she had just discovered teeth in spite of having been on the back for 14 ½ hours, feeling well and truly “birthdayed”!

Rw6 2a - Lost in Hampshire No 5

### **Rw6 3 – International Ladies Ride Day - [Photos](#)**

So, a ride led by Liz Getgood with Josie, Leigh and Sandi went around the houses to the Red Lion at Avebury, which is of course where the world's largest stone circle is. There was of course a coffee break at Longstock Farm and a chance to catch up, it was a warm day slightly windy especially when we tried to take photos by the stones, still a nice lunch and more catching up before we set off for home. With the sat nav determined to find the smallest of lanes there was a stop a turn around and the motorway home.

---

### **Thursday 20th : Hogsback Chapter Ballinger’s Challenge**

---

#### **Thursday 20th : Rw6 - THOGS Thursday Hogs - [Photos](#)**

'Biggles Flies undone' - Ride leader Howard Pullen took a scenic route up to Biggin Hill via the A272 to Cowfold, on to Turners Hill, up the A22 to Godstone and then we had an exclusive tour of Warlingham (and almost Croydon) because who needs a Scrap Nav when you think you know where you are going!

After a while Garmin rules apply, and we find the lookout Cafe for a sausage sandwich and watch a couple of Spitfires take off before taking a look around the Memorial Museum. A quicker route home and a lovely thrash back down the M23 and around Horsham back to the Onslow Arms for a well-deserved Ferret in a Jug.

---

### **Sunday 16th : Rw6 - Ride with Six rides**

### **Rw6 1 – Roedean Cafe - [Photos](#)**

Ride leader Laurence Tyrrell led five on this overcast but dry ride which included a slight detour due to road closures at Adversane turning but all arrived safely at destination with no breakdowns, and all returned back safely later.

### **Rw6 2 - All American Breakfast II**

This ride was cancelled due to the weather and road conditions.

### **Rw6 3 – Port Solent**

Andy Williams (joined by only two of the four who booked) led this ride to Port Solent in dry conditions but the ride back was difficult due to rain and cars travelling too fast plus the cyclists that seemed to be everywhere were just plain bloody annoying!

### **Rw6 4 - Ride to the Coast**

With the weather forecast being so dismal the ride led by Liz Getgood to the coast was abandoned. After much discussion with the other rider (Sandi), we set off to Amberley as it looked brighter over there. We took a scenic route different again to the Tea Rooms and had a dry ride there. Lunch was outside and of course it rained on us so having eaten our fill we took a direct home to dry off.

---

## **Saturday 15th : Rw6 – Ride with Six rides**

### **Rw6 1 – Lost in Hampshire no 3 - [Photos](#)**

On a drizzly morning Dell Evans led a brave group through the wet back roads of Hampshire. They stopped at his favourite tea room in Alresford before setting off along every smaller road covered in grit and mud he could find. Lunch was at a strange cafe in Petworth managed by an odd couple then a blast up to GH-D.

### **Rw6 2 – New Members - [Photos](#)**

Only 2 new members on bikes participated so Andy Williams joined to make the numbers up. We rode to Box Hill using the 'Drop Off' system and had a debrief and whilst their refreshments were consumed. After the stop we then rode back to GH-D using the buddy system and a final debrief. The new members enjoyed the day although the weather was not the best with a little bit of drizzle.

## **Sunday 9th : Rw6 – Ride with Six**

## **Rw6 1 - Camber Sands - [Photos](#)**

On mostly empty roads, Chris Brandham led this relaxed ride through the beautiful Surrey and Kent 'A' roads finally arriving at a busy Camber Sands. Fortunately, motorcycles were made most welcome and barriers moved to one side and the group were invited to stay as long they liked. They stayed an hour for a burger, ice cream and a cold drink before taking the coast road to Newhaven and heading north through Lewes, Forest Row, and across Ashdown forest to Pooh's corner back to the A25/M25 where they went their different routes.

### **Rw6 2 – Rumble Cliff Top ride - [Photos](#)**

Roger Bonnici led a gorgeous Rw6 ride through the Meon Valley and New Forest to arrive at the wonderful Cliffhanger Cafe atop of Highcliffe beach. Superb views, food and a Mediterranean ambience topped off the lunch stop before the slow meander back through the New Forest and back to the A3 return.

### **Rw6 3 – Sammy Millers II**

### **Rw6 4 – Six on the Beach**

Another brisk and progressive ride led by Dik Gregory through leafy lanes to Seaford - and another lovely day for it too. Natter on the prom, a bite to eat and then back through more cool lanes - in both senses of the word. Nice ride with great company. No photos this time - just nice memories!

Rw6 1 - Camber Sands - [Photos](#)

Rw6 2 - Boat House - [Photos](#)

### **Rw6 3 – Rottingdean**

A wet day ride for Chris Brandham as there were unfortunately no participants. It seems that the wet weather put others off, so a solo ride! After giving himself a good talking to about the ride destination and an explanation about the workings of the buddy system he went home.

### **Rw6 4 – Riverside Lunch Revisited**

This was for those who had wanted to go on the previous trip but were unable to get a place, due to a small misunderstanding one of the trikes booked themselves onto another ride that day so Liz Getgood led Titch and Claire on their trike followed by a BMW back marker (thanks Vince) it was a meet up at Loomies then a gentle route to the Amberley Tea rooms where lunch was enjoyed indoors this time and we went our separate ways home as the weather was looking very wet.

Rw6 2– Morning Madness - [Photos](#)

Chris North led this early morning ride from Cobham Services along the A3 crossing over Putney Bridge. Despite limited carriageways, speed cameras, road works, new cycle lanes being installed on some bridges, and the dreaded 20mph speed limits that have sprung up everywhere, the following bridges were crossed: Putney, Battersea, Albert, Chelsea, Vauxhall, Lambeth, Westminster, Waterloo, Southwark, London, Tower and Blackfriars. The group then rode along the North Embankment briefly stopping at Embankment Pier before setting off to Megan's Cafe, Kings Road near Warrs H-D. After a hearty breakfast the ride ended after re crossing Putney Bridge.

### **Rw6 3 – SCaT Ride - [Photos](#)**

Peter Ostinelli led this nice ride through back roads to Sea Lane Cafe at Worthing (Goring). Enjoyable day out and nice food at the cafe. Return journey via A24 and for 4 of us a quick stop at the Shy Horse at Malden Rushett. Weather was fine but not hot and sunny.

---

### **Saturday 18th : Ride with 6**

#### **Rw6 1– Riverside Lunch - [Photos](#)**

On a lovely sunny day, Liz Getgood was joined by Keith, Brett, Richard, Mick and Carol on a ride along some of the lesser travelled routes to Amberley, where they enjoyed meals to suit all: Breakfast, Pizza to Afternoon tea. Then it was back to the Dealership by a slightly more direct route.

#### **Rw6 2 – Lost in Hampshire - [Photos](#)**

Dell Evans' scenic ride through pretty countryside along the Meon valley. Only the occasional track with gravel encountered. Tea and cake stop in Alresford then a visit to the Princess Royal and ended at GH-D. Thanks to Dave Ballinger for the photos.

**Rw6 2 - Hampton Court to Wimbledon Tennis**

Peter Ostinelli led this small ride from the Marquis of Granby Pub (Esher) to meet Steve Routh at Hampton Court for photo and hand-over of the flag. After our RW6 we went and met Andy England RW6 for photo and hand-over at Wimbledon Tennis Club. After the hand-over Peter led a ride to Box Hill and then rode as a RW6 to Sea Lane Cafe at Worthing. Weather was miserable but dry. Good day had by all and ended up for a quick beer at the Shy Horse at Malden Rushett.

**Sunday 28th : Ride with 6 - Photos**

### **Rw6 1 - Ken's Brother's Birthday ride**

Ken Hall got a call from one participant that his Glide had fallen over being wheeled out of the garage so he wouldn't be coming along, and since he was surrounded by old people, could I come over to his **AFTER** the ride to help him hoist it upright. The general feeling (unanimous) was that we should abandon the first part of the ride and instead go visit Rich and get the bike up and him come with us, which we did, so it was an otherwise event-free ride out.

### **Rw6 2 - Not the Midnight Madness but prelude to Morning Madness ride**

Chris North, assisted by Leigh Ballinger led a total of 6 bikes at the crack of dawn from Cobham Services to inner London. They travelled over Putney Bridge up Kings Road, around Buckingham Palace, through Admiralty Arch, Trafalgar Square and Convent Garden encountering little traffic and no demonstrations!

Onward to St Paul's and twice over Tower Bridge then to Embankment for coffee. Over Albert and Battersea Bridge, with quick stop at Warrs H-D for photo session. Then it was onto the A3 and home.

### **Saturday 27th : Ride with 6**

Rw6 1 - Sussex County ride

Rw6 2 - Devils Dyke ride

### **Rw6 3 - Bish Bash Bosh(am) ride**

Challenging conditions with torrential rain didn't put off this hardy group (*led by Mark "Road Closure" Halliday*) on the way down to Bosham. Great ride to the coast but we had to make a few detours due to some of the roads being closed.

Once at Bosham, the weather turned, and it was a lovely sunny afternoon. Once refreshed and warmed up with some coffee from the local shop we headed back to GHD via Lavant, Goodwood and Petworth with lovely scenery and riders peeling off to head home along the way.

Phew - what a scorcher! Just the day for a nice progressive Dik Gregory led ride through cool leafy lanes to Seaford. Natter on the prom, a bite to eat, lots of water and then back through more cool lanes - in both senses of the word. Nice ride with great company.

### **Rw6 - oh I do like to be beside the ... ride - [Photos](#)**

What looked like a cold and damp day at the start turned out to be a gloriously sunny day out. Mark Halliday led 5 bikes and 6 folks on a countryside run down to the South Coast through the villages of Dunsfold, Plaistown, Kirdford, Wisborough Green and Steyning finishing at the Sea Lane Cafe in Goring.

We stopped for lunch where we were joined by another Chapter ride-out led by ADM. Social distancing rules were adhered to and after a relaxing hour by the sea, we headed back home via Arundel and Fittleworth. Pleasant time had by all.

## **Saturday 20th : Ride with 6**

Caroline Shotton led this ride of 6 people on 4 bikes to East Beach Littlehampton. The weather was fine, and the clear roads were dry.

Rw6 - Backwoods ride - Photos

### **Rw6 - Brighton Bimble ride - [Photos](#)**

Martin Harrington led five others along mainly quiet roads on this very enjoyable ride to Brighton. The group enjoyed good weather, had a nice lunch on the Seafront, followed by a short walk and then a chat with the local constabulary ... and persuaded them to take some photos (not mug shots) of the group! Special thanks to Sean Forsythe for bringing up the rear.

second day 10 dealerships were visited, starting at Guildford and then going East and as far north as Chesterfield before heading South back to Reading.

### **Monday 15th : Virtual Quiz Night - Photos**

The final weekly lockdown quiz brought the usual suspects to the virtual table to pit their wits against our Quiz Mistress Leigh and her handpicked mix of trivia, and Scorekeeper Dave with his steady and sometimes irritating stream of banter! This week, the last lockdown, brought a final sting in the tail for the Brainy Bunch, with the prizes being awarded to the loyal and faithful last placed contestants.

Matt Kearsey and daughter Charlie stole first place from Katie & Dave Francis and Mike Bilton in third place. Joint 4th place went to new member Simon Cutmore and Margaret & Malcolm Bradly. Well played everyone. Watch this space as we don't think we have seen the last from Team Ballinger and their love of all things quizzical.

The numerous countryside pubs passed along the way looked so inviting with their beer gardens etc. but sadly were closed. Once at Brighton, those that had not brought a picnic with them enjoyed Fish 'n' Chips on the Sea Front. The weather was glorious with sun and no rain. Once everyone was refreshed, we made our way back via the same route.

9 bikes and 1 trike joined Andy "No Pants" Williams on his ride to Port Solent. This is Andy's first ride as Road Captain, and he performed tremendously. He would give himself a A+. Andy was supported by road crew Paul Cutler, Mark Halliday and Laurence Tyrrell.

### **Saturday 14th : Around the Mulberry ride - [Photos](#)**

The sun smiled on us today for Roger's rumble down to the coast at Pagham, West Sussex where on 6th June 1944, 48 cassions were floated in readiness for towing to Arromanches, France to form the Mulberry Harbour and seal the bridgehead for the Allied D Day landings. The group of 16 bikes and 26 members were led by Roger Bonnici and ably marshalled by John Applegate and Chris Brandham.

### **Sunday 8th : Museum of Army Flying & Apache Café ride - [Photos](#)**

After a few weekends of storms, it was nice to arrive at the Princess Royal with the sun shining on a warmish Sunday morning in March. A dozen Hogsback Harleys led by Gary Tew nipped down to the Army Flying Museum / Apache café at Middle Wallop. Apart from a slow trundle through Stockbridge high street, we kept up a good pace and by riding as a nice close group meant that we only needed to make two drop offs. As we arrived at the museum, and to keep an early Spring ride honest, we had a short shower of rain just as we were parking up the bikes! Fed and watered with some going into the museum and some making their own ways homeward we departed and enjoyed a dry ride home. All in all, a nice brisk Sunday ride to blow away the winter cobwebs. Many thanks to John Holmes for taking on the back marking duties.

### **Saturday 7th : Road Crew Training Day - [Photos](#)**

27 Road Crew and bikes were involved in the New Road Crew Training Ride. This was a mandatory ride for all new road crew. The ride consisted of mainly A & B roads, during the ride a sequence of breakdowns were simulated for the new RM's to experience and deal with. All issues were dealt with appropriately and there were no concerns raised. All participants in the ride arrived at both end destinations with no incidents to report. All in all, a very pleasant scenic ride with a mixture of roads and junctions/roundabouts etc.

**Saturday 22nd : Garage Day 4 @ GH-D - [Photos](#)**

17 attendees for the 4th Garage Day covering puncture repair. The group was broken into smaller manageable groups so that every attendee could have a go at repairing a puncture. It was a well-attended session where GH-D technicians demonstrated a new kit for repairing punctures called 'tire plugger'. It really was so quick and simple. Following the demonstration all were given the opportunity to try it themselves. Some were so impressed they went straight to the parts counter and bought the kit!

**Sunday 26th : Ten Pin Bowling - [Photos](#)**

After an improved but still disappointing second place last year, Hogsback Chapter were hungry to take our rightful 'First Place'.

On big day, we assembled at Crawley Hollywood Bowl to face our challengers from Invicta and 1066 chapters. Competition was fierce but well humoured as Invicta Chapter were keen to keep their 2019 Champion status, whilst 1066 Chapter were desperate to hand over their 'wooden spoon'.

As the first game progressed the situation was looking promising for Hogsback, but in the second game the other two Chapters made a surge for glory, but our valiant Hogsback bowlers were determined and held firm, resulting in a sturdy win by 237 pins with a stunning overall improvement of 795 pins over last year.

The whole team enjoyed themselves and performed extremely well to take the spanking new trophy. We intend to keep the trophy next year where it belongs, in Hogsback's cabinet!

A very cold January morning would normally put most bikers off a ride to the coast but 36 Chapter members on 25 bikes and 2 trikes braved the chills to meet up at GH-D and join Roger and Tracy Bonnici for a very sunny yet fresh 40-mile rumble to Billy's on the Beach cafe at Bracklesham Bay for a sunny, and hearty breakfast.
